SCIENTIFIC PROGRAMME

1st of MAY 2015 (FRIDAY)

08.30-09.00. Registration of participants
Welcome address (D. Petrov)

Session I
Chairs: G. Dimopoulos, Y Yamakova

G. Dimopoulos, Athens, Greece
09.35-09.50. Chest ultrasound in the diagnosis of acute respiratory failure.
R. Petkov, Sofia, Bulgaria
09.50. 10.10. Respiratory insufficiency caused by respiratory infections.
G. Dimopoulos, Athens, Greece
R. Scala, Arezzo, Italy

10.45-11.00 Coffee break

Session II
Chairs: W. Klepetko, R. Schmid

11.00-11.20 Evaluation of ventilator modes in patients with acute hypoxemic respiratory failure.
Y. Yamakova, Sofia, Bulgaria
11.20-11.40. Venovenous extracorporeal membrane oxygenation (ECMO) as a respiratory support used in adult refractory acute respiratory distress syndrome (ARDS).
R. Schmid, Bern, Switzerland
11.40-12.00. Surgical management of pulmonary hypertension.
W. Klepetko, Vienna, Austria
12.00-12.20. An update of LVRS and surgery of bullous emphysema: where is the difference?
M. Dusmet, London, UK

12.30-13.30. Lunch

Session III
Chairs: F. Melfi, G. Cardillo

13.30-14.00. Lecture of the Chair of the Thoracic domain at EACTS: VATS and Robotic anatomical resections for nonmalignant pulmonary diseases.
F. Melfi, Pisa, Italy
W. Klepetko, Vienna, Austria
14.20-14.35. Interventional pulmonology for tracheal stenosis—where are the limits?
Maren Schuhman, Heidelberg, Germany
W. Klepetko, Vienna, Austria
G. Cardillo, Rome, Italy

15.30-15.45 Coffee break

15.45- 16.30. Interactive session (5 minutes for presentation)
Chairs: R. Schmid, M. Dusmet

15.45-15.50. Surgery for postinhalation tracheal stenosis. A. Stoianov, Stara Zagora, Bulgaria
15.55-16.05. Chronic tracheobronchial foreign bodies – differential diagnosis with malignance. D. Kostadinov, Sofia, Bulgaria

16.05-16.10. Postinubation tracheal stenosis in children. Is there a need for cardiopulmonary bypass during the tracheal resection? S. Alexov, Sofia, Bulgaria

2nd of MAY 2015 (SATURDAY)

Session IV
Chairs: G. Sotgiu, D. Stefanova

09.00-09.30. New ERS/ESCMID guidelines on Chronic Pulmonary Aspergillosis (epidemiology, diagnosis, radiolog and treatment-surgical and local).
G. Dimopoulos, Athens, Greece
09.30-09.40. Epidemiology and National policy for tuberculosis control in Bulgaria.
T. Varleva, Sofia, Bulgaria
09.40-10.00. Clinical epidemiology of MDR/XDR-TB.
G. Sotgiu, Italy, Sassari, ERS
D. Stefanova, Sofia, Bulgaria

10.45.-11.00. Coffee break

Chairs: I. Cordos, M. Dusmet

11.00-11.15. Surgical treatment of MDR-TB and XDR-TB.
D. Petrov, Sofia, Bulgaria
I. Cordos, Bucharest, Romania

11.30-12.30. Interactive session (5 minutes for presentation)

1. Tracheal and esophageal stents in the treatment of trachea-esophageal fistula in patient with tuberculosis of mediastinal lymph nodes. Tz Minchev, Sofia, Bulgaria
2. Invasive tracheobronchial aspergillosis-stenting as a part of complex treatment. P. Titorenkov, Sofia, Bulgaria
3. Parenchyma-sparing surgery for cicatricial left main bronchus stenosis-a series of 3 cases. I. Cordos, Bucharest, Romania

12.30-13.30. Lunch

SESSION V
Chairs: D. Subotic, D. Petrov

R. Schmid, Bern, Switzerland

M. Dusmet, London, UK

14.30-15.00. Surgery for stage III empyema and lung resections in presence of infection and after pleural empyema.
D. Subotic, Belgrade, Serbia

15.00-15.15. How to treat difficult pleural infections after pulmonary resections?
D. Petrov, Sofia, Bulgaria

15.30-15.45s. Coffee break

Chairs: D. Subotic, D. Kostadinov

1. Closure of bronchopleural fistula using different obturator (occluder) in the management of pleural empyema.
D. Kostadinov, Sofia, Bulgaria

2. Post-sternotomy mediastinitis - complex management. Tz. Minchev, Sofia, Bulgaria

3. Rare cause of post-pneumonectomy empyema. G. Iankov, Sofia, Bulgaria

4. VATS approach in the management of complicated by empyema pediatric parenchymal lung abscess. Y. Pahnev, Sofia, Bulgaria

5. Traumatic lesion of ductus thoracic with initial left chylous effusion. A. Semkov, Sofia, Bulgaria

Closing remarks
